2022 Confirmation Class

St. Christopher's celebrated a beautiful Confirmation Mass on Thursday, Oct. 27th at 2:00 PM; celebrated by The Most Reverend Bishop Robert Henning and our pastor, Rev. Johnny Mendonca.

Congratulations to all of our newly confirmed!

May the fire of the Holy Spirit continue to burn brightly in you!

Faith Formation

The Return of Our Students to St. Christopher's Elementary School

Dear Parishioners of St. Christopher's.

I believe and I'm sure you believe as well that Almighty God granted us the blessing of children with the obligation of housing, feeding and educating them. Parents have the primary responsibility to educate their children.

Faith is the most wonderful gift we will ever receive and we must instill and nourish that gift in our children and the best way to establish that faith in our children is vouchers to permit our children to enter faith based school.

Resolutions and Referendums have been passed by state legislators across the United States authorizing educational vouchers permitting funds to be delivered to parents to enroll their children in schools of their choice, be they Catholic, religious, private or public schools with the understanding that the vouchers would be used to pay the necessary tuition.

Parents have the primary responsibility to educate their children. The State can step in to educate if the parents fail in their responsibility. Parents know the schools that best meet the child's needs.

Arguments against the voucher system may come from those who claim that no state or public taxpayer funds should be used to finance religious education. However, the Blaine Amendment, which previously supported that concept, has been overruled by the U.S. Supreme Court in several recent cases.

Some argue that funds used to pay tuition in religious schools take away funds from public schools. Facts reveal that tuition for religious schools is less than the cost to educate a child in the public school. The list of statistics of the cost to educate a child in any one of the public schools in Nassau County makes that evident.

You may wonder why the cost per pupil varies in the public school districts. Nassau County is the only county in New York State to be designated in the NYS Real Estate Tax Code as a Special Assessment District. NYC, the five boroughs, is the only other designated special assessment district.

A special assessment district requires that all real property within the District be divided into four quadrants:

- Single family, 2-family homes and condominiums up to three stories.
- All condos over 3-stories and all co-op properties.
- All utility properties (electric, telephone and TV)
- All commercial properties, shopping centers, hotels, etc.

Each category pays its share of property tax to the County of Nassau, Town & Village tax as well as school tax. Property within the confines of the school district pay school taxes directly to the school district where the property is located. As an example, the Miracle Mile Shopping Center in Manhasset pays the school tax only to the Manhasset School District.

I estimate that the Catholic Elementary School K - 8 could be operated at $18,000 per student for basic academic and religious education.

Some children have special needs or desire special programs, advanced mathematics and science courses or comprehensive athletic programs. That selection should be the parents' choice. But, a religious education should not be denied merely because the parent could not afford the necessary tuition. After all, Catholic parents pay real estate school taxes as well.

The time for school vouchers is now.

The Honorable Leo F. McGinity

Faith Formation

El Regreso de Nuestros Estudiantes a la Escuela Primaria St. Cristóbal

Estimados Feligreses de San Cristóbal.

Yo creo y estoy seguro que ustedes también creen que Dios Todopoderoso nos concedió la bendición de los niños con la obligación de albergarlos, alimentarlos y educarlos. Los padres tienen la responsabilidad primordial de educar a sus hijos.

La fe es el regalo más maravilloso que jamás recibiremos y debemos inculcar y nutrir ese regalo en nuestros hijos y la mejor manera de establecer esa fe en nuestros hijos son los vales que les permitan ingresar a la escuela basada en la fe.

Los legisladores estatales de los Estados Unidos han aprobado resoluciones y referéndums que autorizan vales educativos que permiten la entrega de fondos a los padres para inscribir a sus hijos en las escuelas de su elección, ya sean escuelas católicas, religiosas, privadas o públicas, en el entendimiento de que los vales utilizarse para pagar la matrícula necesaria.

Los padres tienen la responsabilidad primordial de educar a sus hijos. El Estado puede intervenir para educar si los padres incumplen su responsabilidad. Los padres conocen las escuelas que mejor se adaptan a las necesidades del niño.

Los argumentos en contra del sistema de vales pueden provenir de quienes afirman que no se deben utilizar fondos estatales o públicos de los contribuyentes para financiar la educación religiosa. Sin embargo, la Enmienda Blaine, que anteriormente apoyaba ese concepto, ha sido anulada por la Corte Suprema de los Estados Unidos en varios casos recientes.

Algunos argumentan que los fondos utilizados para pagar la matrícula en las escuelas religiosas quitan fondos a las escuelas públicas. Los hechos revelan que la matrícula de las escuelas religiosas es menor que el costo de educar a un niño en la escuela pública. La lista de estadísticas del costo de educar a un niño en cualquiera de las escuelas públicas del condado de Nassau lo hace evidente.

Quizás se pregunte por qué el costo por alumno varía en los distritos escolares públicos. El condado de Nassau es el único condado del estado de Nueva York designado en el Código de Impuestos sobre Bienes Raíces del Estado de Nueva York como Distrito de Evaluación Especial. NYC, los cinco condados, es el único otro distrito de evaluación especial designado.

Un distrito de evaluación especial requiere que todos los bienes inmuebles dentro del Distrito se dividan en cuatro cuadrantes:

- Viviendas unifamiliares, bifamiliares y condominios de hasta tres pisos.
- Todos los condominios de más de 3 pisos y todas las propiedades cooperativas.
- Todas las propiedades de servicios públicos (electricidad, teléfono y TV)
- Todas las propiedades comerciales, centros comerciales, hoteles, etc.

Cada categoría paga su parte del impuesto a la propiedad al Condado de Nassau, el impuesto de Town & Village, así como el impuesto escolar. La propiedad dentro de los límites del distrito escolar paga impuestos escolares directamente al distrito escolar donde se encuentra la propiedad. Como ejemplo, el Centro Comercial 'Miracle Mile' en Manhasset paga el impuesto escolar solo al Distrito Escolar de Manhasset.

Calculo que la Escuela Primaria Católica K - 8 podría operarse a $18,000 por estudiante para educación básica académica y religiosa.

Algunos niños tienen necesidades especiales o desean programas especiales, cursos avanzados de matemáticas y ciencias o programas deportivos integrales. Esa selección debe ser la elección de los padres. Pero no se debe negar una educación religiosa simplemente porque el padre no puede pagar la matrícula necesaria. Después de todo, los padres católicos también pagan impuestos escolares sobre bienes raíces.

El momento de los vales escolares es ahora.
